Certification Test-Only at Your Business Location

We are offering a program where I could come out to your business location and proctor Exams if you have ~~40~~ 6 or more testers and access to a suitable testing area. My travel range includes: Waukesha, Milwaukee, Racine, Kenosha and Walworth Counties. You must first contact WDATCP (608-224-4548) to verify eligibility of all potential test subjects prior to scheduling the on location exam. Once you have provided WDATCP with your information, I will probably be contacting you myself to work out the details and schedule a convenient date and time for the exam. This is all part of DATCP's effort to provide more testing opportunities to the Lawn Care industry. Feel free to share this information with anyone you think might benefit from this option!

Thank you, *Debbie Lensby-Monosa*
